# Membership Benefits

The mission of WFCCA is to provide support, education, communication and resources to family child care providers, families and community members, while promoting professionalism and advocating within the early childhood field to provide quality care for children.

To fulfill these goals we offer the following benefits to our members:

## WFCCA Annual Conference

Our annual conference, held the first weekend in May, provides over 15 hours of continuing education in the early childhood field. The conference supports family participation and rewards providers for their hard work with Provider Appreciation and the prestigious WFCCA Governor's Award.

## Resources

WFCCA provides its members with resources through its website and quarterly newsletter. Topics include information on area trainings and conferences, support group meetings, news from other early childhood organizations, informational articles on the business of family child care, advice on working with parents and children, and information on events on the national level.

## Networking

Each region in the state has a WFCCA Board Representative that is available to answer your questions and give you information on local training and support groups. At the annual state conference, all participants are invited to attend the annual meeting to learn about board activities and to offer suggestions. The conference also provides an opportunity to meet with your region representatives at the annual caucus to plan improvements for your local area and strengthen your support groups. Members also have the option of expanding their membership in WFCCA to include memberships in other state and national organizations at a reduced package rate to increase their involvement and support in the early childhood field.

## NAFCC Affiliate

As an NAFCC Affiliate, WFCCA is able to provide a national perspective and share resources and opportunities with our members. WFCCA supports NAFCC Accreditation and can help members achieve their quality goals.

## Discounts on Products & Services

Your WFCCA membership also entitles you to a discount on the following products and services:
