It is Not Just a Piece of Wood

*Cindy Gillett, CJ's Puzzles and Crafts*

Introducing children at an early age to the art of woodworking is a life skill worth sharing. We will explore different types of wood; learn about simple, non-battery tools we can use with children. Woodworking introduces children to math skills, science and fun!!! We will create a birdhouse recipe holder. Handouts will be included. PLEASE BRING A HAMMER!

Repurposing in Early Care: Saving Childhood, Money and the Environment

*Stephanie Winkel, Twinkling Stars Family Child Care*

Do you want to learn ideas on how to repurpose your "garbage" into art materials, toys, loose parts, and curriculum activities? Are you interested in saving money and helping the environment? This workshop will address the benefits of repurposing instead of throwing out everyday items!

Physical Activity Make and Take

*Jamie Tramte Brassfield, NEW Resource and Referral*

Participants will come together to make learning materials to support physical activity both indoors and outdoors. The course will look at the benefits of physical activity and how to incorporate strategies to getting children more active in play.

*There will be a handful of Exhibitors. Lunch will include a soup and sandwich buffet.*

*Mini Conference will be held at Child Care Resource and Referral, 1001 W. Kennedy Ave., Suite A, Kimberly, WI*
