

# NO SMALL MATTER

Join us for this free public event  
at the Chula Vista  
Rooms G,H,I combined  
May 3 from 6:30-8:30

No Small Matter is built from stories of real children, families, and teachers, illustrating the impact of high quality early childhood experiences. We meet parents who are struggling to do their best for their kids, incredible teachers who model what early childhood classrooms should and could be like, and children learning and developing in real time. Change is necessary, critical, and attainable if we put our minds to it. There is also interesting, easy to understand scientific discussion and graphics of how the human brain works. Furthermore, how we can use that information to create developmentally appropriate environments for children to learn and grow to their fullest potential.

To watch a trailer go to [Nosmallmatter.com](http://Nosmallmatter.com)

The video is 75 minutes long and will be followed by a discussion of the documentary and what we can do to invest in early childhood education

If on Facebook go to No Small Matter and find the May 3rd screening at the Chula Vista in Wisconsin Dells for more information and to RSVP or tell your early childhood educator.
